All the books in our library are taken from the public domain. Myelodysplasia: a brief review. The classification of myelodysplastic syndromes includes a number of

pathologic and clinical syndromes that differ from conventional myelodysplastic syndrome. This approach is based on clinical, morphologic, and cytogenetic observations and has helped to clarify many of the pathophysiologic abnormalities of the myelodysplastic syndromes, but in the future, more specific diagnostic criteria may be

needed. Long-term follow-up of patients with carcinoma of the anal canal and perioperative radiation. The results of a long-term analysis of 116 consecutive patients treated at the National Cancer Center Hospital between 1956 and 1978 who had undergone surgery, postoperative radiotherapy (50 Gy), and postoperative chemotherapy

(Adriamycin and/or cyclophosphamide or methotrexate) are described. The 5- and 10-year actuarial rates of disease-free survival were 52.8% and 30.6%, respectively, and the 5- and 10-year actuarial rates of local-regional tumor control were 88.4% and 84.8%, respectively. The 5- and 10-year actuarial survival rates

were 59.4% and 46.9%, respectively. The reduction of distant metastases was associated with the presence of regional metastases, but the incidence of distant metastases decreased significantly from 36.4% in patients with local-regional disease to 16.7% in patients with regional metastases. The actuarial rate of freedom from death

resulting from the original disease was 65.1% at 5 years and 51.6% at 10 years. The actuarial rate of freedom from second malignancy was 99.2% at 5 years and 95.4% at 10 years. Nonthermal browning reaction of beet juice starches. Browning reaction of beet juices was carried out on model lactic acid systems to study the mechanisms for the

browning reaction. The browning reaction of beet juices was intensive for lower molecular weight starches. The increase in the percentage of hydroxymethylfurfural and alkyl methyl glycosides was greater than that of glycoside dimers and trimers
